Okay no problem, just wanted to verify. Let me know if anything changes.

The campaign is in the queue and will go live at 12:00am tonight. If you have any questions or want an interim progress report at any point during the campaign, just let me know.

Thanks,

Chris

That was the plan but our graphic designer is pretty busy so I’m thinking he might not have gotten to it. Just go ahead and use that one. Thanks so much!
Thanks Julia, you're good to go for tomorrow!

One quick questions: did you want to try two different images for the 336x280 ad as well? I only see 1 image in that size attached to this email.

Thanks,

Chris

This is great! Thanks, Chris! I’m requesting this work from our graphic designer and will have those files to you in advance of the deadline. I’ll look out for your insertion order and invoice so we can get that squared away.

My best,
Hi Julia,

Sorry to have missed you on this morning's call. Here's the specifics Christy and I discussed:

<table>
<thead>
<tr>
<th>Ad Type</th>
<th>Visibility</th>
<th>CPM</th>
<th>Impressions</th>
<th>Cost</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>970x90</td>
<td>Large Leaderboard - Banner ATF</td>
<td>Desktop</td>
<td>$12</td>
<td>20,833</td>
<td>$250</td>
</tr>
<tr>
<td>336x280</td>
<td>Large Rectangle - Banner ATF</td>
<td>Mobile</td>
<td>$12</td>
<td>20,833</td>
<td>$250</td>
</tr>
</tbody>
</table>

Total: 41,666 $500
This initial campaign would be for a total of $500, split evenly across 2 different ad types:

- 970x90 Large Leaderboard - Banner ATF (Desktop)
- 336x280 Large Rectangle - Banner ATF (Mobile)

This campaign would begin next **Wed Sep 27**, and run through **Tue Oct 3** (1 week) and will deliver **41,666 total impressions**. Last week Urbanize had around 51,000 user sessions, so assuming that we get a similar amount of traffic during the next couple weeks your campaign will be visible for ~ 82% of sessions - pretty good saturation.

The campaign would also make use of A/B split testing. You'd provide us with 2 different images for each ad size. The impressions will be split evenly over each image (so each image garnering 10,416 impressions). At the end of the campaign we'll provide you with the independent performance metrics (e.g. click counts, etc) for each graphic-- useful information for next time around!

I'll get the insertion order and invoice to you this morning. Signing the IO locks in your reservation. We ask that the invoice is paid prior to the start of the campaign.

Image files can be in PNG, JPEG or GIF format and must be provided no later than **8pm Tue Sep 27**.

If you have any questions, please don't hesitate to ask. I'm excited to be partnering with DCBID! You guys are DTLA's biggest advocates and do amazing work :)

Thanks,

Chris
